# What is Shush Cosmo™ Standing Acoustic Screens?

What sets our screens apart is their commitment to sustainability. They are crafted from 100% recycled materials and are fully recyclable, aligning with our dedication to eco-friendly practices. We understand the importance of responsible consumption, and you won't have to worry about disposing of these screens.

Shush Cosmo™ acoustic standing screen core material is a compressed polyester manufactured using post-consumer recycled polyester from plastic bottles.

Our screens have been designed to a very specific density to achieve the correct acoustic performance and are available in 24mm thickness and in 23 different colours.

## Technical + Acoustic Performance

Acoustic Absorber - <b>Cosmo™ Acoustic Screen Acoustic Standing Screen - 24mm</b>
